Report on Virtual Talk on 'First Step to Machine Learning'

The department of Computer Science and Computer Application, Prerna College of Commerce, Reshimbag, Nagpur organized a virtual talk on **'First Step to Machine Learning'** on 7th November 2020 from 10.00am – 11.30am on an virtual platform Live Webinar. Prof. Anitha Haridas, Assistant Professor, Chinmaya Arts and Science College for Women, Kannur, Kerala was the resource person.

The aim of this talk was to provide an overview and working of machine learning. The event started with introductory remarks by Dr. Liladhar Rewatkar. The guest lecture was preceded by a speech by Dr. Pravin Joshi, Director of Prerna College of Commerce. In her talk, Prof. Anitha covered various topics such as types of machine learning, various algorithms and popular tools of machine learning, applications of machine learning, where machine learning is to be used and how to approach machine learning.

About 300 students of BCA, B. Sc. (IT) and BCCA attended the programme. The event ended with vote of thanks given by Ms. Vidya Mulmule. All teaching staff members of both the departments were present on this occasion.
