## REPORT

### ON

#### **'A Talk on World Environmental Health Day, reciting environmental quotes and Taking photographs of the plantation Process'**

**Department:** Environmental Awareness Cell & Green Audit Committee

**Program Coordinator:** Ms. Sakshi Shivhare

**Date and Time:** 26<sup>th</sup> September 2023 at 10.30.00 a.m. To 12.30 p.m.

#### **Objectives:**

- 1) **Raise Awareness:** To raise awareness about the importance of environmental health and the critical role it plays in our lives.
- 2) **Educate and Inform:** To educate the audience, particularly students, about the significance of preserving.
- 3) **Inspire Action:** To inspire individuals to take action towards environmental conservation.
- 4) **Protecting:** To protecting the environment for the well-being of present and future generations.
- 5) **Encourage Participation:** To encourage active participation, especially by students, in environmental initiatives such as tree plantation, symbolizing their commitment to environmental conservation.
- 6) **Foster a Sense of Responsibility:** To instil a sense of responsibility among students and the audience, emphasizing that the Earth's well-being is a collective effort and everyone's duty to protect.

#### **Highlights:**

- 1) The program was compeered by the students of our college.
- 2) Dr. Pravin Joshi Director of Dr. S. C. Gulhane, Prerna College of commerce, Science & Arts, Nagpur welcomed the Chief Guest Dr. Rajkumar khapekar, Professor & Head of botany department from DRB Sindhu Mahvidyalaya, Nagpur by a sapling and memento as a token to respect.
- 3) Dr. Pravin Joshi sir has presented an introductory remark on the occasion of 'World Environmental Health Day'.
- 4) He said that this day reminds us of the vital importance of environmental health in our lives and to have better future we need to build one by our own doings which saves our environment.

- 5) Dr. Rajkumar khapekar sir throughout his presentation explained what are the causes which are causing serious harm to our environment, industries and factories are contributing largely to pollution. They are deteriorating the quality of air that we breathe and the water we consume.
- 6) Sir has explained the importance of trees and a different way of tree plantation in reducing various types of pollutions created in our environment.

### **Conclusion:**

To sum it up, always remember that the gifts and blessings which nature endows on us are priceless. It is rather essential to conserve them all for a better future and life for all. Always remember that small steps will help you reach your goal.

### **Outcomes:**

- 1) Students are aware about the environmental problems and issues.
- 2) The program encouraged students and the community to engage in additional environmental initiatives, building a stronger sense of community and shared environmental values.
- 3) The Students gained a deeper understanding of environmental issues, challenges, and potential solutions through the chief guest's speech and the recitation of environmental quotes.
- 4) Inspired Action: Students got inspired to take concrete actions in their daily lives to protect the environment and promote sustainable practices.
- 5) Environmental Advocacy: Participants got encouraged to become advocates for environmental issues and may be motivated to engage in activities that support environmental conservation efforts.
- 6) Positive Attitude Change: This program has fostered a positive change in participants' attitudes towards the environment, making them more responsible and proactive in environmental matters.
- 7) Students recited following quotes:

**"The Earth does not belong to us: we belong to the Earth." - Marlee Matlin**

**"What we are doing to the forests of the world is but a mirror reflection of what we are doing to ourselves and to one another." - Mahatma Gandhi**

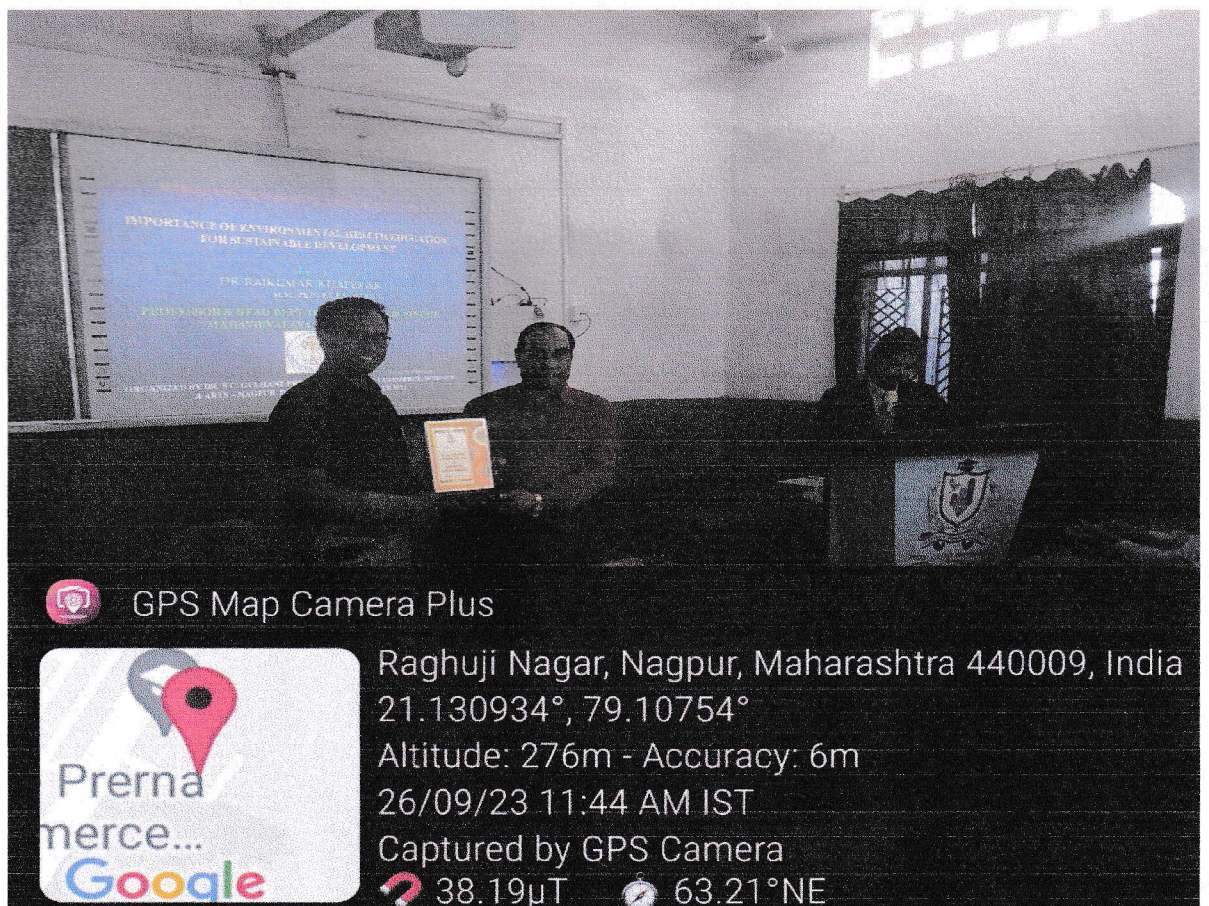

**No. of Beneficiaries:** 124 Students

**Programme Coordinator:** Ms Sakshi Shivhare

**Date:** 26<sup>th</sup> September 2023
